

Ministry Partnerships Criteria

Serve Wenatchee Valley's mission is to provide opportunities whereby pastors, churches, and ministries will be strengthened as they work together to serve the whole valley with the whole gospel of Jesus Christ. In order to insure that this message remains consistent and clearly understood, Serve Wenatchee Valley uses its Biblical Doctrines and Values as a standard for those who want to partner with Serve Wenatchee Valley.

Individuals, businesses, agencies, and ministries are welcome to help advance the mission of Serve Wenatchee Valley. This can be done financially and through contributions of food, clothing, furniture, and other goods and services needed by the less fortunate in Chelan and Douglas Counties. However, it is imperative that all who serve in a capacity where the community at large would likely conclude that they are a part of Serve Wenatchee Valley are fully supportive of and demonstrate their adherence to Serve Wenatchee Valley's established Biblical Doctrines and Values.

In the event of a question as to the appropriateness of a proposed partnership, the Executive Director of Serve Wenatchee Valley and/or its board of directors have final authority to grant or deny the request.
